

hello-bike.

Get Zuidas cycling again

Cycling does not only have numerous health and environmental benefits, it's also the cheapest and most efficient way to travel through the city. Connect your business to Hello-Bike and start taking advantage of the most advanced bike sharing system in the world!

How does it work?

Your employees download the Hello-Bike app and sign in with their company subscription credentials. They never have to worry about sufficient balance in their wallet and are immediately connected to the Hello-Bike fleet, which will give them an enormous mobility boost.

Prices

We use a pay-as-you-go pricing structure. This means that there is no monthly fixed fee or a one-time administration fee to be connected to the system. You only pay for the actual usage.

Pricing is set up as follows:

- € 1, -* for an hour
- € 4, -* for a ride between 4 and 12 hours
- € 6, -* for a ride between 12 and 24 hours

*All prices exclusive of VAT

Billing

At the end of each month we will send an invoice summary to your company, with the total usage of all your employees. On the invoice, you will find specifications of all the rides that are made. This specification will give you a clear overview of usage among employees.
